Long live the queens...?

Moderator Sarah E : admin

We learned a LOT about queens in the first two arcs (and *Darkstalker*!) and now we have a whole new queen (and a whole new set of problems...) in Queen Wasp.

Who is your favorite queen? Which queen do you hate? And which queen do you think is underrated?

What do we know about succession (such an important part of the first arc!) in each of the tribes?

And finally (make sure to mark spoilers!), WHAT do you think of Queen Wasp?!

My fav Queen is Queen Scarlet, and why I love her is self-explanatory. I HATE Queen Ruby, She was a j**k to Peril and is just SUPER ANNOYING! I know she's better now, but she is still really boring. Queen Snowfall, I liked Queen Snowfall (I think its fall) cause she is kinda funny and, Yeah, I just like her, and the Fandom never really pays any attention to her.

We know something about succession.

Spoilers, I guess...
I. Love. Her. SHE IS AMAZING!!!!!! FINALY! We get a communist kind of villain. And I love how she is so secretive in getting power and not just going out and k**ling dragons in front of everyone.

Spoilers from Most of the books.

My favorite queen is definitely queen Glory. All of the new queens are pretty good. But we need to get some more interaction with queen Moorhen and Queen Snowfall.

If I'm being completely honest, I hate Coral. I don't know why. I just do.
My *favorite* queen is Glory, mainly because she's so sarcastic.
Which queen do I think is underrated? I'd have to say Moorhen. Because we really don't see much of her.

What do I know about succession? The princess challenges her mother, she either dies or kills the queen and becomes queen.
Unless you're talking RainWing succession, where the challenger doesn't have to fight to the death with a queen, the queen picks a challenge and whoever wins becomes queen.
Or if the queen dies without being challenged, the tribe starts a war that lasts for around 20 years and then there is a big prophecy and then there's a bunch of danger and *then* we find out that the prophecy was fake and finally the dragons in the prophecy pick a new queen who isn't one of the royal princess in the war (that's just an example of the most likely thing to happen)

SPOILER ALERT

I think she is a crazy psychopath who wants world domination and would either be best friends with Darkstalker or would completely hate him

So those are my thoughts on the matter

Queen Moorhen is my favorite, and also the most underrated; although we only got to see a little of her in TBN, she seemed kind and concerned and tough and courageous, some things that most queen's we've seen lack.
Probably my least favorite queen... Queen Sapphire. For obvious reasons.

Glory, Glacier, Snow. For most tribes, the Queens' duaghters can fight the current Queen for the throne. But for the SandWings there's the Eye of Onyx, and for the RainWings there's the monthly switch (though it used to be a competition). I don't know much about Wasp (I haven't read TLC yet), but I'm fairly certain she's evil.

My favourite queen is Scarlet, though I don't think she is very good at it. I hate most of the Darkstalker time queens. Moorhen is most certainly underrated. She is queen for the whole time but we ignore her. She's kinda overshadowed by Glory, who you have to admit is a Mary Sue.

2. For some reason, a really don't like Queen Glory. Probably because of her defeating the NightWings, and taking them as her own tribe- even if they didn't want to have her as a queen.
3. Queen Moorhen.
4. I didn't get enough of Queen Wasp in the book. I really want to read more about her.

My favorite queen, is Queen Coral, I love how she just loves all the pearls and jewelry making her daughters wear it all the time. It's so much fun to read about Queen Coral in *THe LOst Heir* because of her wanting to go to parties, and she writes stories which I think is fun about her. Least favorite is Queen Ruby, just because Peril used to follow her orders from the Queen to kill other dragons *DUring Wartime* doesn't mean she should be banned from the Sky Kingdom! Also, I think Queen Wasp is ridiculous. She rules horribly over the SilkWings, giving the HiveWings more scales to spend, schools that weren't just "follow the rules", etc. then she mind controls her subjects!? Then also, at least she listened to ADmiral's letters.

-My favorite queen is either Glory or Thorn. I like them both for their courage and determination to solve problems.

- Well, (spoilers) I hate queen Wasp the most. She's a freaky Hivewing who takes advantage of her mind control.

-I don't really think any of them are underrated. Maybe queen Moorhen, but I've never read much about her from the books.

- Well, that the eye of Onyx chooses the Sandwing queen after a fight for sometime,the rainwings undertake a peaceful games competition, and that the rest of the tribes fight each other for the throne.

- (spiolers) I don't like her. I would not want to be a hivewing or silkwing currently. Her mind controling? Horrible. How she almost whiped out the leafwings and dominated the silkwings? Sad. How she treats the librarian? It breaks my heart. In the book it said, "it was a trap to ensnare the mind of the brightest hivewing." It broke my heart. She. Is. Evil.

I'm gonna say my favorite is either Glacier or Thorn. Most underrated is definitely Moorhen (also the MudWings in general? We just. Never really hear about the tribe in general)

Queen Wasp is interesting, so I'd like to learn more about her. She's definitely evil though lol.

I really don't like Coral, and I never cared for Battlewinner or Blaze (loved burn and blister though). I'm mostly indifferent over scarlet, ruby, and moorhen.

Oooh some strong opinions here -- now I really want to learn more about Queen Moorhen too!!

And (somewhat spoilery as Wasp's nature)... DarkWasp would be terrifying nope nope nope. Also if Darkstalker had thought of that kind of mindcontrol.... *shiver*

I'm a bit surprised by the folks who aren't Glory fans (she and Peril are my favorite characters), but she IS pretty excellent and flawless, so I can see where there's a nod to Mary Sue-ness. BUT she does change how the RainWings and NightWings interact and what it means to be their queen, so that's kind of cool. I wonder what Thorn's ideas for succession would look like...

Just an explanation for those who are wondering why I said that:
Ok, you've always been bullied for most of your childhood. Suddenly, when you return to the place you come from, you become queen and everybody likes you after that (apart from the people you beat but you won't expect my rebellions from them). Soon, you go fight the guys who hate you the most. Their queen dies trying to kill you so her daughter agrees to give you the throne because they're pretty desperate by this point. Though they grumble, nobody instantly tries to kill you apart from your friend's half sister and her boyfriend-which takes many books- and you get that under control. There is a guy who takes most of your subjects but you get them back in the end and now they're happy. The end... Until the next arc. Did I

mention she has a boyfriend who is an assassin sent to kill her but he falls in love with her so doesn't kill her?

That's just my opinion on why I think Glory's too perfect. Her personality's alright but her story lets her down.

I don't think I have a favorite Queen, althought I don't really like Glacier and Coral (yes I know Glacier died but still.)

I have a theory about Queen Wasp. I think that she has this power, where she can control people. (Well that's obvious, but hear me out) Since Hivewings are the descendants of Clearsight and a Silkwing, they are related to the Silkwings. I think that when Wasp was born she had a power to control anyone related to her. She could completly control and take over a Hivewing's body, because she is a Hivewing. But I think she could kind of use her powers on Silkwings, to make them follow her. So it isn't complete control, but it means that the Silkwings are more compliant to her, and will bow to her if she is using her power, but I think it gives her an easier time when trying to make sure her subjects obey her. This is why I think that the Queen of the Silkwings gave up her throne, because Wasp could manipulate her in a way. I think this is also why the Queen of the Leafwings didn't surrender, because she wasn't affected by Wasp's manipulation. And maybe Cricket can't be controlled because she is part Leafwing, which would mean that Wasp could only use basic manipulation that she uses on the Silkwings. Or maybe Cricket is more Silkwing than Hivewing, which would explain why she couldn't be controlled, especially if she is part Leafwing. Also, what is Cricket's main weapon? It doesn't say in the book (or at least I don't think it does), so maybe she doesn't have any of those venom barbs, because she is so far away from Hivewing, the only reason she believes she is Hivewing is becuase of her black scales and forked tongue, but obviously that is only in appearance.
